

Cabinet Pumps 60lt/80lt/100lt

DAF3000 Series – 240 Volt

High Quality Italian Made

The diesel distribution system is Italian manufactured and the body fabricated entirely out of painted metal. The DAF3000 series includes a self-priming vane pump, mechanical meter, delivery hose and an automatic control valve with a swivel connector. It is also equipped with the ignition switch and mounting plate for the suction pipe. The nozzle port is built into the structure and the small size makes this distributor compact and reliable.

MODEL	DAF3060	DAF3080	DAF3100
Litres per min	60L	80L	100L
Power Supply [V]	230	230	230
Max Current [A]	2	2	2
Working Cycle [min]	S2 - 30min	S2 - 30min	S2 - 30min
Flow Rate Max [l/min]	60	80	100
Inlet - Outlet [BSP-G]	1" - 1	1" - 1	1" - 1
Suction Tube Length	480mm	740mm	940mm
Cable [m]	2 Metre - 3 Pin Plug	2 Metre - 3 Pin Plug	2 Metre - 3 Pin Plug
Allowed Fluids	Diesel	Diesel	Diesel
Forbidden Fluids	Gas, Gasoline, Alcohol, Water	Gas, Gasoline, Alcohol, Water	Gas, Gasoline, Alcohol, Water
Nozzle	Automatic	Automatic	Automatic
Delivery hose [m, Ø, material, fittings]	4, 20, rubber, 1" x 3/4"	4, 20, rubber, 1" x 3/4"	4, 20, rubber, 1" x 3/4"
Motor protection rating	IP55	IP55	IP55
