

# Alibaba E-Commerce Expo

Sydney, Australia

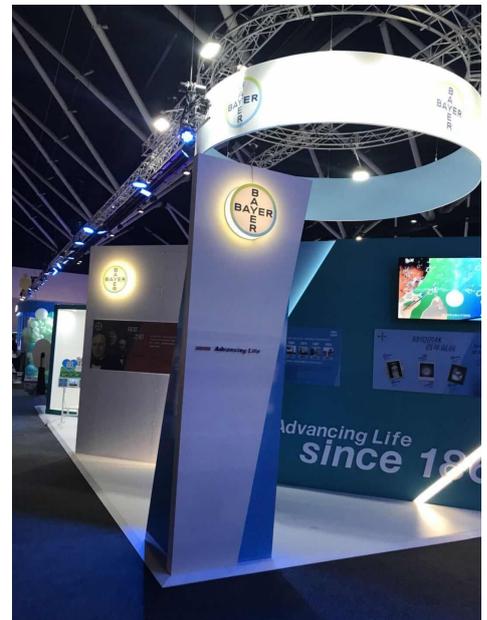

The Alibaba E-Commerce Expo held in Sydney is all about connecting brands and small businesses from Australia and New Zealand to a growing Chinese market.

Winsky Furniture was commissioned to coat one of the expo stands for the huge event.

Mirotone's MIROLAC NC 3150 Pigmented Topcoat in a satin white finish was used to coat the panels and shelving. MIROLAC NC 3150 is a user friendly, two pack, pigmented topcoat that is ideal for furniture and fixtures. The product was a perfect choice for this project as it is fast drying and results in a velvet smooth high build finish with minimal topcoat application.

Being formaldehyde free, meant the application of the product was safer for the applicator during the coating process, and results in zero formaldehyde issues in rooms in which the panels and shelving were installed in.
