

# Christopher Blank

Melbourne, VIC  
Australia

Christopher Blank are known for their quality, simple, custom designed furniture. With a fierce respect for the handcrafted philosophy of traditional furniture methods, this bespoke duo team use a mixture of sustainably sourced material from housing demolition and new timber to create one a kind furniture pieces for their clients.

Mirotone was only too happy to custom match a high strength pigment stain for the dynamic duo. MIROSTAIN 2616 in 'Planked Walnut' was used to stain this beautifully crafted piece of furniture. The pigment stain has been designed to produce traditional stain colours that accentuate the grain of the timber. This easy to apply stain, results in a uniform colour and has excellent light stability thereby providing a more consistent and fade resistant colour. The end result speaks volumes.
