(connecting the arts centre with  
the river and city)

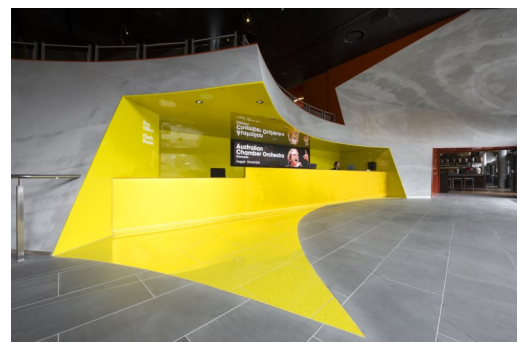

Opened: 26th July 2012

Photography: John Gollings

Hamer Hall is Melbourne's premier concert venue. Located at Southbank Melbourne, Hamer Hall is used for orchestra and contemporary music performances. It is home to the Melbourne Symphony Orchestra and the preferred Melbourne performance venue for the Australian Chamber Orchestra.

During the redevelopment whilst much of the unique heritage of the original building was kept, Mirotone polyurethane coatings in bright pinks, yellows and oranges were used to create bold statement features such as the reception desk in bright yellow. Stains were used in matching colours topcoated with *MIROTHANE PU* clear coatings to continue the colour theme. Polycure's *AQUAPRO 8270 Advance 2K* water based floor coating was used on the timber floor to create a hard wearing surface for the many visitors.
